OBJECTIVE

Aspiring full-stack developer with 1+ year experience as a Python and Machine Learning trainer. Recently completed MERN stack internship and developed full-scale projects like face recognition system and e-commerce site. Seeking opportunities to contribute to modern web applications and grow as a full-stack engineer.

EDUCATION

B.Tech in Electronics and Computer Engineering, Punjabi University 2021 - 2024
Diploma of Electrical Engineering, Thapar Polytechnic College 2018 - 2021

SKILLS

Technical Skills	Python, Javascript
Web Development	HTML5, CSS3, Tailwind CSS, React.js
Database	MySQL, MongoDB
Data Analytics	Microsoft PowerBI, Excel
Soft Skills	Communication, Team Mentoring, Problem Solving

EXPERIENCE

Python AI/ML Trainer March 2024 - Present
Solitaire Infosys Pvt. Ltd. *Patiala, India*

- Taught Python and Machine Learning to over 150 students, structured curriculum and hands-on projects.
- Assisted in developing projects using Machine Learning, Python and MySQL for student management.
- Conducted workshops and seminars, improving student engagement by 30

MERN Stack Intern Jan 2024 - June 2024
Solitaire Infosys Pvt. Ltd. *Mohali, India*

- Developed full-stack web applications using MongoDB, Express.js, React, Node.js and Tailwind CSS.
- Collaborated with a team to design and implement new features.
- Conducted code reviews and optimized application performance.

PROJECTS

Face Recognition Attendance System – Python, OpenCV, MySQL
Developed a face recognition-based attendance system using Machine Learning and OpenCV. Integrated MySQL back-end for managing student records and timestamps.

E-Commerce Web App - React.js, Node.js, MongoDB
Built a responsive MERN-based e-Commerce platform with user login, cart, and admin dashboard. Implemented secure APIs and real-time product updates.

Sales Dashboard – Power BI
Created an interactive sales dashboard using Power BI to analyze KPIs such as revenue, profit margin, regional performance, and product trends. Real-time filtering and drill-down reports enable management to assist in decision making.

EXTRA-CURRICULAR ACTIVITIES

- Conducted multiple workshops in colleges on Python and Data Science, attended by over 200 students.

- Passionate about powerlifting, train regularly and participate in local competitions, focusing on strength, discipline, and personal growth.

LEADERSHIP

- Mentored 20+ students on capstone projects as part of the Python/ML training program.
- Volunteered to manage student batches, scheduling sessions, and resolving doubts online/offline.
